

1. Semester (WS)	2. Semester (SuSe)	3. Semester (WS)	4. Semester (SuSe)	5. Semester (WS)	6. Semester (SuSe)	
Chemistry and Biochemistry (5 ECTS)	Food Science I: Processed Food Products (5 ECTS)	Food Science II: Food Safety & Microbiology (5 ECTS)	Compulsory Module* (5 ECTS)	Internship (20 ECTS)	Compulsory Module* (5 ECTS)	
Biology and Raw Materials (5 ECTS)	Legislation (5 ECTS)	Nutrition Science II: Human Nutrition (5 ECTS)	Compulsory Module* (5 ECTS)		Compulsory Module* (5 ECTS)	
Nutrition Sciences I: Nutritional Physiology (5 ECTS)	Research Methods I (5 ECTS)	Research Methods II (5 ECTS)	Compulsory Module* (5 ECTS)		Compulsory Module* (5 ECTS)	
Nutritional Psychology and Sociology (5 ECTS)	Communication and Counselling (5 ECTS)	Sustainable Nutrition (5 ECTS)	Compulsory Elective Module** (5 ECTS)		Compulsory Module* (5 ECTS)	
Business Sciences I (5 ECTS)	Business Sciences II (5 ECTS)	Marketing (5 ECTS)	Quality Management (5 ECTS)		Bachelor's Thesis (10 ECTS)	Elective Module*** (5 ECTS)
Physics and Technology (5 ECTS)	Study Project (15 ECTS)					Compulsory Elective Module** (5 ECTS)

WS: Winter Semester | SuSe: Summer Semester

\* Depending on their specialisation, regular students have to complete different “Compulsory Modules”

- Applied Business Management (5 ECTS)
- Applied Statistics for Analytical Quality Management and for Process Control (5 ECTS)
- Business IT (5 ECTS)
- Consumer Protection and Consumer Education (5 ECTS)
- Environmental Protection, Energy and Work Safety Management (5 ECTS)
- Food-borne and Environmental Risks (5 ECTS)
- Food Science III: Food Processing (5 ECTS)
- Food Quality (5 ECTS)
- Food Quality Assessment - Advanced Level (5 ECTS)
- Health Care Management (5 ECTS)
- Human Resource Management (5 ECTS)
- Management: Principles of Business Management (5 ECTS)
- Nutrition - Related Diseases (5 ECTS)
- Nutrition Science III: Micronutrients and Nutrition Recommendations (5 ECTS)
- Production and Processes (5 ECTS)
- Product Development (5 ECTS)

\*\* Depending on their specialisation, regular students can choose different “Compulsory Elective Modules”

- Applied Business Management (5 ECTS)
- Environmental Protection, Energy and Work Safety Management (5 ECTS)
- Clinical Nutrition (5 ECTS)
- Current Research Topics in Biochemistry and Nutritional Epidemiology (5 ECTS)
- Food Quality Assessment - Advanced Level (5 ECTS)
- Human Resource Management (5 ECTS)
- Management: Principles of Business Management (5 ECTS)
- Nutrition, Globalisation, Human Rights (5 ECTS)
- Nutritional Education (5 ECTS)

\*\*\* Regular students can choose “Elective Modules” from the range of courses offered by Fulda University of Applied Sciences.
